

Report from the Newly Elected National Council Delegate (NCD), Rebecca Sajdak

I would like to say thank you for the opportunity to represent the Central Chapter in the capacity of your National Council Delegate to the Society of Nuclear Medicine for the term of 2011-2013.

I will dedicate my time as the chapter's representative by carrying out the duties as described in our policy and procedure manual. The National Council Delegate (NCD) shall hold office for two years, be a past president of the Section and may not be the Immediate past president of the Section. The NCD shall be the Section's representative to the National Council of the Technologist Section, SNM

I will perform my duties in the role of NCD to the best of my ability and have had excellent guidance into this role. I will take the place of Lyn Mehlberg who has donated many years of service to the Central chapter and has provided guidance to many technologists that have emerged into leadership positions through her mentoring. Lyn has held many hats efficiently and has superbly represented the Central Chapter. Her tenure at the society's national level ascended her to the top role a technologist may hold, Society of Nuclear Medicine Technologist Section President.

Her outstanding reporting skills kept the chapter apprised of the National level news that was relevant to the members of our Chapter and the Society. She has also served on the National Council of the Society as our Chapter representative where she brought forward the concerns of the people of the chapter to members of the council.

As your newly elected National Council Delegate, I will attend the annual and mid winter meeting as a voting member of the SNMTS national council. I will be accompanied with members from our chapter such as the chapter's technologist president, and president elect. A report from our chapter with any action items will be presented to the National Council of Representatives (NCOR). After the Annual and Mid Winter meeting of the Society of Nuclear Medicine I will prepare a report to the president of the Technologist Section of the CCSNM with news from the meetings. During our annual and fall meeting I will report to the Executive Board at our council meeting, so please feel free to contact any one of the committee or council members with ideas and concerns or questions that you would like brought forward at (CCSNM.org)

Rebecca Sajdak NCD
